

NEW MEMORIAL DEDICATED TO FRANKLIN D. ROOSEVELT

WARM SPRINGS, Georgia -- More than 500 items, including personal belongings, gifts from admirers everywhere and mementos from heads of governments of World War II Allies are housed in the new Franklin D. Roosevelt Memorial Museum here. This room is dominated by this posthumous portrait of the late President, painted from the Unfinished Portrait for which he was posing at the time of his death. It shows the President in his favorite Navy cape holding the Charter of the United Nations. (Photo No. 61-9605, Accompanies feature F-61-207)
