

METROPOLIS ON THE HUDSON -- New York City and surrounding area are visible in great detail in this dramatic aerial photo. At center is the island of Manhattan with the twin towers of the World Trade Center near its southern tip. Surrounding the island are the Hudson River (top) and East River which join to form New York Harbor. Visible in the harbor are the Statue of Liberty (far left), Ellis Island (slightly to the right), and the larger Governors Island (below them). The boroughs of Queens and Brooklyn are in foreground, and the neighboring state of New Jersey stretches to the horizon. (86-1736-C)
