DISNEY BICENTENNIAL SALUTE -- Walt Disney cartoon favorites Mickey Mouse, Goofy and Donald Duck imitate the famous painting "Spirit of '76." They will lead "America on Parade," a colorful spectacle to be staged every day at Walt Disney World in Florida and Disneyland in California, during America's Bicentennial year. Officials estimate the largest live audience in history (more than 25 million people, including two million foreign guests) will view the procession during its more than 1200 performances over a 15-month period ending in September 1976.
