50-STAR FLAG BECOMES OFFICIAL UNITED STATES STANDARD

'THE STAR-SPANGLED BANNER' -- The new 50-star United States flag is illuminated by the glare of an exploding rocket as it flies over Fort McHenry in Baltimore. Francis Scott Key wrote the U.S. national anthem, "The Star-Spangled Banner," after watching an all-night bombardment of the Fort in 1814. (60-10508)
