

Picture Story No. 612

THE QUESTIONERS

In the United States, graduate education -- laying stress on original research by students and teachers -- usually begins after four years of collegiate study. The graduate student is required to attend advanced classes and seminars and to conduct independent research. As shown by these pictures made at the Johns Hopkins University in Baltimore, Maryland, -- a pioneer in graduate education -- few fields of knowledge and few dark corners of human ignorance escape the scholars' probing interest.

14-15 On the eve of retirement after a teaching career spanning four decades, a professor looks contemplatively out the window of his book-lined study at Johns Hopkins University. (59-13003)

Education: Miscellaneous

En vísperas de su jubilación, después de una carrera docente que se extiende a cuatro décadas, un profesor contempla el panorama que se le ofrece por la ventana de su despacho colmado de libros, en la Universidad Johns Hopkins, de Baltimore (Maryland).
