THE QUESTIONERS

013526 41

In the United States, graduate education -- laying stress on original research by students and teachers -- usually begins after four years of collegiate study. The graduate student is required to attend advanced classes and seminars and to conduct independent research. As shown by these pictures made at the Johns Hopkins University in Baltimore, Maryland, -- a pioneer in graduate education -- few fields of knowledge and few dark corners of human ignorance escape the scholar's probing interest.

10-15 Electronic devices cannot replace the human element of the creative researcher. The university libraries and laboratories are the scenes of painstaking individual effort by students and faculty alike. (59-12998)
