JOHNSON SPACE CENTER, HOUSTON, TEXAS

ASTP ON-BOARD ACTIVITY--Astronauts Thomas P. Stafford, left,
NASA ASTP crew commander, and Donald K. Slayton, docking module
pilot, visit the Soviet Soyuz spacecraft during the joint phase
of the ASTP mission. They hold Soviet containers of Borsch
(beet soup) over which vodka labels have been pasted. This was
the crews' way of toasting each other. The photo was taken with
a 35mm camera in the Orbital Module portion of the Soviet Soyuz
spacecraft. The hatch to the Soyuz Descent Vehicle is in center
background.
