14TH CREW -- The crew for the second flight of the Space Shuttle Discovery poses with a model American eagle at the Johnson Space Center in Houston, Texas. Standing, from left, are mission specialist Dale Gardner, pilot Dave Walker , and mission specialists Anna Fisher and Joe Allen. Seated is commander Rick Hauck. Their eight-day flight, designated by the National Aeronautics and Space Administration as 51-A, is scheduled for launch from Florida November 7.
