Capítulo 1. Introducción general.....	1
Capítulo 2. Uncoupling of Mediterranean pine-oak forest distribution and regeneration along environmental gradients: does facilitation matter?	
Resumen en castellano.....	10
Introduction.....	13
Material and methods.....	14
Results.....	18
Discussion.....	26
Capítulo 3. Human and non-human determinants of forest composition in southern Iberian Peninsula: evidence of shifts toward cork oak dominance due to management over the past century.	
Resumen en castellano.....	38
Introduction.....	41
Material and methods.....	42
Results.....	46
Discussion.....	52
Capítulo 4. Seed removal in two coexisting oak species: ecological consequences of seed size, plant cover and seed-drop timing.	
Resumen en castellano.....	65
Introduction.....	68
Material and methods.....	69
Results.....	72
Discussion.....	76
Capítulo 5. Soil water heterogeneity and emergence time control seedling establishment in three co-occurring oak species.	
Resumen en castellano.....	83
Introduction.....	86
Material and methods.....	87
Results.....	91
Discussion.....	96
Capítulo 6. Discusión general: síntesis multiescala.....	106
Capítulo 7. Conclusiones.....	119
