COLECCIÓN FOTOS EMBAJADA EE.UU.

C10534F4

Among the statues of Columbus which were erected as part of the 400th anniversary celebration was this likeness by Gaetano Russe atop a 77-foot granite column in New York City's Columbus Circle. It was a gift of the resident Italians of New York City. (52-12572)

No. 3

52-12572 Spain: Columbus

Entre los monumentos que se levantaron a Colón, como parte de la celebración de su 400 aniversario, éste se alza sobre una columna de granito de 23 metros de altura, en el Columbus Circle de la ciudad de Nueva York.
