*Lincoln-House.  
C4S1474*

C4S1474  
Lincoln-Berry store at New Salem State Park, near Springfield.  
Abraham Lincoln, in partnership with William Berry, operated their second store in this building during the early months of 1833. The large room was the store proper, while the rear lean-to served as a store room and, for a time, as Lincoln's bedroom. It is believed that Lincoln also served a portion of his postmastership in this building.
