PEACEFUL SPACE EXPLORATION -- U.S. PROGRESS AND PLANS

Part II - "SATELLITES AND PROBES"

15-15 On a big board at Cape Canaveral, Florida, is a complete up-to-date record of every object known to have been launched into orbit by any nation. This "directory" records the life and death of spacecraft as well as other orbiting objects, such as rocket bodies and pieces of metal. The board shows the scientific identification and popular name of each spacecraft, its origin, launching date, course in space and any other pertinent information. (62-1589)
