This photograph is a government publication--not subject to copyright.  
It may not be used to state or imply the endorsement by NASA or by any NASA employee of a commercial product, process or service, or used in any other manner that might mislead. Accordingly, it is requested that if this photograph is used in advertising, and other commercial promotion, layout and copy be submitted to NASA prior to release.

Astronaut Edwin E. Aldrin, Jr., lunar module pilot, is photographed walking near the lunar module during the Apollo 11 extravehicular activity. A LM foot pad is at lower right. This picture was taken by Astronaut Neil A. Armstrong, commander, with a 70mm lunar surface camera.
