

Unconditionality

GABRIELLA GUTIÉRREZ Y MUHS

It is the unconditionality
of culture
that pervades me,
the sweetness of the smile
of destiny
upon my witnessed hand

that uncanny exactness
that directs the tattoo
from my wounded eye,
the stroll of lights unconscious
towards the ancients steps
that titillates the sorrow
from my fermented soul

the weakness of the highway
that disconnects my path

the stroll of memories
that refurbishes
dreams in cages

the irrefutable precision
of confusion
that strengthens the direction
of my kite
